Mazzaratti

Helping you remember the songs you forgot you loved!

About the Band

Since 2020, Mazzaratti has brought recognizable hits, overlooked favorites, and unexpected musical gems to stages across Greater Milwaukee and Southeastern Wisconsin. Fronted by a powerful female lead vocalist with an impressive range and backed by seasoned musicians with decades of live experience, the band stays true to what made the original songs special while bringing its own personality to every performance. Rock, pop, country, alternative, and more: a great song is a great song. The band takes its music seriously, but doesn't take itself too seriously.

The Live Experience

From clubs and festivals to private events, Mazzaratti mixes energetic favorites with songs that make audiences stop and say, 'I can't believe you played that song!'
